# How To Quilting For Beginners: The Complete Easy Guide To Learn Quilting Quickly

## Synopsis

Quilting involves many different skills apart from sewing. Some love creating and planning the design, some love the piecing, and others love the actual quilting, but everyone loves the finished product! If you've looked around a store that has quilting supplies, you've seen an awful lot of sometimes baffling equipment. Don't be intimidated! You don't need a lot of fancy stuff to make a quilt. Your great-great-granny certainly didn't have all that, and she made gorgeous quilts and so can you. So, here's a 'how to get started' manual to get you headed in the right direction. After that, it's your road and your quilt. Take two layers of fabric, stitch them together with padding in between; the why and how are up to you. Quilting is as varied and creative as the millions of people who quilt. Every quilt is unique, and so is every quilter. There are no 'rules' for quilting; there's really no right or wrong way to do things. It's an ancient traditional craft that is still innovative, fresh, and constantly changing with the times. From Buenos Aires to Beijing to Belfast, you'll find quilters, quilts, and an astonishing array of color and creativity.

## Customer Reviews

Extremely easy to read for my limited knowledge base. Some things seem so simple to a well practiced quilter but this book is perfect for new quilters like myself! Simple wording and excellent examples make this easy and fun to learn with. Disclaimer: I may have received this item for free or at a discounted fee in return for an honest review of the product.

Wish it would have been accessible...says I have it in my que.. but thats where it ends. cant download..:/

Good information.
