French: Learn French With These 500 Phrases

Synopsis

Five hundred phrases that will help you learn the language! Even though languages contain thousands of words and phrases, at least you can get started by memorizing some of these common sentences and expressions. It's a fun, easy travel guide with simple things people say in everyday situations. You will learn exactly what a French person would say, so you can consider yourself safe to be taught correctly. Chapters include: Common questions. Conversation related to work, religion, and hobbies. All kinds of small talk. Explaining personal data. Money matters, the weather, and taking pictures. What to say in case of an emergency. Asking directions. And much more! So are you looking for a quick, simple, easy-to-use language guide? Then why not pick up this one and find your way in a foreign country or get some of the basics down with these short sentences?

Customer Reviews

This book was promoted/advertised in the Group which I belonged; since the way it was advertised was quite interesting so I decided to get the book and also I feel lucky on that time because the book is free so I don't need to spend money all I just need to do is to click on the link and click the buy button! But having this book is such a mess, very low quality document and it needs to be polish/edit/proofread and format! Some fonts are big and some are small, there a lots of grammatical errors as well as wrong spelling. Such a waste of time for me and just put it on trash! Don't get this book, don't waste your money (I'm lucky because it's free when I got the book), don't even waste your time and also look for another book! Overall, I definitely don't recommend this

book!

I do not like books of this genre, but this struck me simply! Friends, really, very, very well set out. This guide have clear and step by step instructions for beginners who want to learn French language. If you read the book only one time , You don't understand perfectly about the book. I recommend read the book minimum 3 times then you will able to start learning the greatest language. The information and tips provided are really necessary and helpful. Friends read, develop, and this book will help you. I advise! Thanks

French is a beautiful language that I've always wanted to learn. That's why, I'm so happy that I was able to find this book. This is exactly a very suitable guide that a beginner like me should read. It contains the common phrases which will certainly be useful when I travel to France in the future. This has totally made me become even more fascinated in learning this language and eventually become fluent in it.

Truly it's best guide for learning French language. This guide have clear and step by step instructions for beginners who want to learn French language. If you read the book only one time , You don't understand perfectly about the book. I recommend read the book minimum 3 times then you will able to start learning the greatest language. Thanks

I know French a little and can read simple stories and it's been a while since I did so I grabbed this book to help me refresh my French skills. Although I could find articles in French easily in the internet, most of what I found were complicated ones and I couldn't understand most of what's written in the articles so I decided to grab a book that's written for beginners like me and this was a perfect grab. After reading all 9 stories, it seems like I can read and understand simple stories with common words used and I would definitely like to move forward and learn more advanced words. Definitely keeping this.

French is one of the favorite language I hear and wanted to learn. The way french people talk is good to my ears and I would want to hear myself speak their language as well. This book is definitely a great guide in helping me out speak in french. First, the way they structure the lessons is from simple to advanced which makes it more easy to study especially for beginners like me. Second, everything I need to know is explained very well in details just like in learning English and it

made my learning very convenient.

French learning can't be hard if you follow a good guideline. This book takes us to everything from the beginning with the alphabet, to even teaching you some common phrases, and to go over the fun of articles in this language, and even verbs and tenses. It's actually not too terrible, and you'll be able to learn everything effectively in no time. French is a very fun language, and you can learn it in a simple manner with this amazing book.

French is a great and interesting language but I haven't got time to learn it ((With the help of this book you can easily communicate with native French even if you don't know any word. Many thanks to author for such helpful guide.
