Soldier: The Talon Saga, Book 3

Synopsis

When forced to choose between safety with the dragon organization Talon and being hunted forever as an outcast, Ember Hill chose to stand with Riley and his band of rogue dragons rather than become an assassin for Talon. She's lost any contact with her twin brother, Dante, a Talon devotee, as well as Garret, the former-enemy soldier who challenged her beliefs about her human side. As Ember and Riley hide and regroup to fight another day, Garret journeys alone to the United Kingdom, birthplace of the ancient and secret Order of St. George, to spy on his former brothers and uncover deadly and shocking secrets that will shake the foundations of dragons and dragon-slayers alike, placing them all in imminent danger as Talon's new order rises.

Customer Reviews

"Soldier" the exciting and gripping third book in the "Talon" series continues as Talon and St. George hunt for the rogues Ember Hill, Riley (aka ex-Basilisk Cobalt) and the soldier Garret Xavier Sebastian. The story picks up when Garret journeys to England the home of the Order of St. George and its Patriarch only to uncover a deadly secret and treacherous coalition that will shake the foundations of both organizations. When he discovers a plan to entrap and kill Ember and Riley, Garret engages the help of a new ally with the hope of returning in time to save the two rogue dragons. After his dismal failure in capturing his sister Dante is enlisted by Talon to work on a secret project that will not only bolster their dragon army, but could mean the massacre of humanity. Although plagued by conscience Dante will do anything in his power to rise in Talon's hierarchy, and

in fulfilling his duty will learn a shocking truth. Set against a background of war between dragons and dragonslayers, odds against the rogues surviving the escalating clash mount as they learn a dangerous secret behind the growing number of attacks by the soldiers of St. George that could destroy Riley's underground network. Woven into this fascinating page-turner Garret's past and his training as a soldier after the death of his parents are revealed, giving new insight into his dedication to the Order and his beliefs before awakening to the truth of both. One of the themes of this story centers around the fragility of life as dragonslayer missions escalate even attacking a peaceful temple, with a secret alliance that forces an agonizing decision, as well as the brutality of Talon's cloning scheme to supplement their breeding facilities.
