Making Jewelry With Beads And Silver Jewelry For Beginners : A Complete And Step By Step Guide: (Special 2 In 1 Exclusive Edition)

Synopsis

Wearing jewelry is essential to helping women developed their own style. For women wishing to create a look that's unique, the last thing they'll want to invest money in is mass produced pieces of jewelry. It's for this reason alone, learning the skills needed for making silver and beaded jewelry could prove extremely beneficial. When it comes to making such pieces you need to know where to purchase the right kinds of supplies. In this book, " Making Jewelry With Beads & Silver Jewelry For Beginners : A Complete Step by Step Guide (Special 2 In 1 Edition)" not only do we discuss what's needed to start your own silver & beaded jewelry making venture but also provide several projects you may want to try out. The actual process of turning a piece of silver into a piece of jewelry is not only very technical, but also allows your artistic side to flourish. Once you've finished making silver jewelry either for yourself or for someone else, it can prove extremely satisfying, especially as you watch the piece develop and grow. In addition, after finishing this book not only will you be able to create unique and stunning jewelry designs with beads for yourself but for others as well. Within this book are some techniques that'll only take a matter of minutes to master, whilst others may require you to spend a little more time practicing them to achieve the right kinds of results. From the outset, this book has been designed for those who have never created jewelry with beads and silver before. However by the end you'll be an expert in the tools of the trade, the supplies you need and some basic skills you can advance upon over time. For more tips and tricks, download " Making Jewelry With Beads & Silver Jewelry For Beginners : A Complete Step by Step Guide (Special 2 In 1 Edition)" now!

Customer Reviews

This book is a great start. It is pretty thorough on describing the basics, tools, techniques, etc. for both silversmith and beaded jewelry. I really appreciated the pictures showing step by step how to do headpins and also wrapped loops. Unfortunately the jewelry projects did not have the same step by step pictures. The instructions seemed to be pretty easy to follow and the projects weren't too advanced. This book seems to be more of a basic explanation of techniques than how to create that finished project.

I'm sure that the technical information in this book might be accurate; however, I think that the book was written, edited by someone who uses English as a second language. I found the sentence structure and some of the words to be amateurish and grammatically deficient. Not having made silver jewelry, it might be a good guide for the beginner but any book that starts out with the words "jeweleries" in the first few paragraphs immediately made me wonder about how accurate it would be. I think I'll find another book that is easier to follow and hopefully more informative.

very clear instructions and good ideas

Not what i expected. The book just show u the tools needed.

If a first-timer in jewelry-making, this is very helpful in it's step-by-step methodology.

Well written and great information placed in a easy to read format.

Loved it!

Finding this book incredibly useful as I venture forth in this new craft.
