Customer Reviews

One so far was the lowest I could rate this book. Was this supposed to be a joke????? The photos are disturbing, the poses are "free style," whatever that means in this context. Don't Waste your time here. I wish I could get my time back.

Lightning bad, model inexperienced. If looking to do low class, cheep photos that would be viewed by bottoml dwellers this is it. I do not recommend.

A good book also the way it is portrayed it has been the best way of teaching how to understand

about how to make it the way to design a great book of pictures.
