Dan Coates arrangements, as usual, are just complicated enough to sound great, but playable enough for most pianists. The book includes a few unexpected songs like "Celebrate Me Home" and "Zat you, Santa Claus ?" as well as "Santa Baby." I've taken just this book to parties and it's got more than enough standards to fill up the evening. great addition to my Christmas piano book collection.

I used to be quite an advanced piano player back in the day, so I really hesitated buying an easy book because I thought I'd be bored. Not so! First of all, this book has ALL the best Christmas songs. Second, they were easy enough for me to sight read (it's been a long time since I've played), yet still sounded very impressive. It really added Christmas cheer to the atmosphere!

I've been using this book a ton for both piano and guitar. Most songs are in keys of C, F, or G - so easy to play on piano... but still challenging/full arrangements for a beginner. My only wish is that it could be spiral bound so that the pages stay open on their own. I must use a clip or two.

Great for beginners. I haven't played the piano in many years and this music was easy to read.

We loved using this book over the holidays. It is easy but not too easy where it sounded dull and boring. The seller got me the product quickly and the book was spotless. Thanks a ton!

This has most of the classics. My children are able to play them and really bring the feel of Christmas to the house.

Great collection of popular Christmas standards, just wish the arrangements weren't quite so simple.

I was given a challenge to find Mele Kalikimaka for an audition. I found it in this book.
