## Customer Reviews

I just like the "old school" stuff. No silly cartoon pictures spattered throughout, just good music and teaching. Nice short tunes for practice.

This book was recommended by our German Violin teacher and our son has really learned from this book. Highly recommend.

No composition, no visible approach, no building up from simple to more complex. Perhaps it's useful for advanced players who, incidentally, don't need this kind of books. I think it totally missed the target.

Very nice and came on time.
