Fun fun fun. The title was intriguing so I indulged. Read to find out why learn dirty talk, what is dirty talk, and getting the most out of it. Men and women do it differently according to the book so focus on your needs. The book is short and sweet but says it all tersely. Loved "giggle attacks" and the part on faking it. So true! The guideline section with samples is great so you can't go wrong. After all, it is kind of an art!

I love how the author eases you into dirty talk, and makes sure that you know how okay it is and how comfortable you can be with it. I also love the examples! I can even imagine my shy girlfriend using some of them, which was the point of my buying this. I would recommend this book to anyone who is shy with dirty talk and wants to explore!

This book is geared towards people who are brand new to the concept of talking dirty. It has a lot of good ideas to help you break out of your shell if you are shy. However, if you are not brand new to talking dirty and are looking for some psychological games to play in bed, or some creative ideas to build on basic dirty talk, you should look elsewhere. By no means am I a pro, but I did not get more than a couple of new words out of this book.

There's definitely an art to talking dirty... do it right and you can have mind blowing sex... do it wrong and you'll end up finishing your self off. This book is great because it sets the stage to helping you become a master panty dropper... no sports car or Amex Black card required.

I don't really like porn. Too fake. But I wanted to find ideas for how to spice up my sex life.. or launch it into the stratosphere, as Patrick King say. This book sure did it. I really liked how the examples were split into different phases, because it allowed me to learn what each sexual phase was about and what to focus on! Great!

Wow this is a truly great book, especially for the woman who's looking to spice up her love life. You really need to do everything it tells you to if your shy like me. LOL you will get over the giggles. At least when it counts. I would give this book 10 stars but you can only score it 5 . Super fun to read.

Gives great descriptive ideas for those who might all ready know what to say, great for those who are a little less likely to say what they feel but need some guidance. Sex is such an awesome feeling to be linked with someone you can speak freely with and know you have pleased them as

well as you.

Well written , will use the information that gained from this book. My partner lives three hours from me , we try and get together once a month for a few days. When we text dirty, I m able to get him so worked up he has left his house within the hour and has driven straight here. It's amazing he's so worked up when he gets here clothes are from the front door all the way into the bedroom. Simply amazing.
