# What My Dog Means To Me: Real People And The Dogs Who Own Them

## Synopsis

Maybe it's no accident that "dog" is "God" spelled backwards. Dogs offer unconditional love, usually much more than we deserve, and all we have to do is accept the gift. Dogs don't care if we're rich, smart, or popular. They care only that we get through this life reassured that love is out there for each of us. If you've ever owned a dog, you'll relate to these true stories contributed by real-life dog owners, each recounting a special canine bond. In tough and troubled times, it's often the family dog that holds our lives together.

## Customer Reviews

From purebreds to "accidental pups", these stories are actual owners writing about actual dogs. The overriding theme is one of love and devotion from the dog to the owner, and the reverse. Some dogs save lives physically, some mentally and emotionally, but all the dogs touch the humans that care for them in a permanent way. This book will affirm one's sense that dogs are important in our lives. My wife told me she was sure, when I took her to meet my bird dog, that the dog had the final say about our relationship. Of course, that's nonsense. Happily, my dog approved! This book is filled with stories of love, dedication, some loss, dedication and salvation. Everyday owners and everyday dogs. It will make your day more full.

Bill Joiner is an author and bird dog enthusiast, among other things, who set up a Facebook page called "Bird Dog Fanatics", for obvious reasons. He solicited the group for stories of their own dogs, and put together this wonderful compilation of the contributions. Gratefully, my own pup's short story

was included, and I just opened the envelope with my signed copy. I've made friends through his group with a few of the wonderful people who also share this passion and contributed their own stories. If you love dogs and are interested in having your own copy treat yourself, or a friend, to a heartwarming book about people who though, from different walks of life, all are blessed with loyalty, devotion and unconditional love.

Just read my copy of "What My Dog Means to Me". Bill Joiner has compiled a wonderful group of stories about people and their dogs and the love and adventures they share. Our story was included, but each story is a great read! If you love dogs, you will really enjoy this book!!

What a wonderful collection of short stories showing the bond between people and their dogs. Heart-warming tales and personal reflections of the dogs and their impact on our lives makes this a great choice for spending quality time reading.

This book is a real breath of fresh air. Our pets hold special places in our hearts and Bill (author) nailed it! I own all his books from westerns to self help inspirational books and he never disappoints! I recommend purchasing this book and escaping the busy world and enjoy the stories that all of us fellow dog owners have. He is a true dogman to boot! Great read! Must buy! Thanks again Bill for a wonderful read! Bruce C.
