Kids' Broadway Songbook (Book/Online Audio) (Vocal Collection)

Synopsis

(Vocal Collection). This mainstay collection of songs originally sung on stage by children has been updated and revised, now with 21 songs from 16 shows, from classic musicals (Annie, The Music Man, Oliver!) to contemporary (Matilda the Musical and A Christmas Story). Includes: Castle on a Cloud * Into the Woods * It's the Hard-Knock Life * Let Me Entertain You * Naughty * When I Grow Up * Where Is Love? * and more. The price of this publication includes access to companion recorded piano accompaniments online, for download or streaming, using the unique code printed in each book. The audio files include PLAYBACK+, a multi-functional audio player that allows you to slow down audio without changing pitch, set loop points, change keys, and more.

Customer Reviews

I have used this book with many of my younger voice students and it is always a hit with them. Some of the songs are hard, but some are really easy, so it is a good book to use with beginners, and accomodates them as they progress. I highly recommend this book.

If your youngster is looking to audition for musicals, or if he or she just wants to sing for fun, this is a great book to buy! The songs are not too difficult, but they are still "real" musical songs. This isn't a book full of songs sang by cartoon characters! The accompaniment tracks are alright, too. I teach theatre and musical theatre to middle school students, and I've used songs out of this book a lot. I

highly recommend it for the beginner.

My daughter loves to sing, and it's great that it comes with an accompaniment CD. I play the piano and was able to learn several of the songs, but in the meantime while I was learning them, she was able to practice without me. Very good for audition pieces if you have a budding actor.

Good songs, nice arrangements. Was recommended by the singing teacher. I would like the CD to have the recordings of the actual songs as well as just the accompaniments, but maybe others would prefer being able to do their own interpretations and not listen to some other singer.

This is a good basic Broadway book for beginning students in Elementary and Junior High. Three selections from Annie plus a couple of more challenging songs like Castle on the Cloud and the girl I mean to be. It says kids, but most songs are "girl" oriented.

I'm always looking for new music for my musical theatre class. There is a good selection. Some of the songs are a little high, but we are working on that. I like the fact that it comes with an accompaniment CD.

This is a great compilation for young singers. Pretty much elementary school age. The songs are easy and catchy. Castle in a Cloud will win over a little girl every time. Voice Lessons To Go's -Vocalize! I warm them up with this first.

This product had two parts , the book and the CD. The book was received in good shape but the CD was received broken . The customer support quickly responded when I contacted and refunded the money back .
