## Customer Reviews

The spectacular vision of Russian photographer Mikhail Paramonov is back in full force with *Nude Girls in Nature*. Comely Russian maidens prance naked and slender in the hauntingly beautiful Russian woodlands. Flowing blonde hair, glistening skin, and dazzling blue eyes tempt the viewer like modern day sirens. Like in his previous books, Paramonov's penchant for open leg shots is a potent element here. But the cheerful demeanor of his subjects combined with the natural opulence of the forest makes this seem more playful than sexual. It's refreshing. It's exhilarating. And it's classic Paramonov.

After buying two of your photobooks in color, I was anxiously expecting the same. The *Nude Angels* however, were NOT in nature. There were shown in B&W! I am deeply, deeply disappointed. Just about every other page was.. B&W, Should I be getting some of my money back for B&W printing, since it cost less to print? May I remind you, we live in 2016. We have state of the art COLOR technology. You made such a great effort in..... picking the most beautiful women, ....and taking the perfect picture of them, but failed miserably in how it was presented. Please don't take us back to the 1860's!
