RECORDER FROM THE BEGINNING COLOR EDITION 2004 PUPIL'S BOOK 1

Synopsis

(Music Sales America). This recorder course by John Pitts is written for 7-11 year olds no previous knowledge of music or recorders is necessary. It is carefully graded with clear explanations at every stage, encouraging children to develop musical skills as well as recorder techniques. The teacher's books include simple piano accompaniments, guitar chord symbols and performance suggestions for classroom percussion. The tune books provide extra solo and duet material to supplement the instruction in each book ideal for children who need more practice and for fast learners who need extra material to hold their interest. Book 1 introduces the first six notes through a mixture of well-known and original tunes. By the end of the book, all the basic rhythm patterns have been covered. The full-color revised edition also features eight extra pages with some new tunes and rounds.

Customer Reviews

Bought this for my 87YO mother, so she could see if she would want to proceed with similar training for the children at church. She loves the variety songs in the book. And getting + mark from MY mother is pretty difficult!

If you are beginning to learn to play the recorder, this book is for you. It teaches the basics and is easy to understand and follow.

This was a gift for a 8 year old. He loves it and is enjoying learning how to play it correctly.

Received right on time. Very helpful for my class. Thank you!
