Star Wars: Lost Stars

Synopsis

This thrilling young adult novel gives listeners a macro view of some of the most important events in the Star Wars universe, from the rise of the Rebellion to the fall of the Empire. Listeners will experience these major moments through the eyes of two childhood friends - Ciena Ree and Thane Kyrell - who have grown up to become an Imperial officer and a Rebel pilot. Now on opposite sides of the war, will these two star-crossed lovers reunite, or will duty tear them - and the galaxy - apart? Star Wars: Lost Stars also includes all-new post-Star Wars: Return of the Jedi content as well as hints and clues about the upcoming film Star Wars: The Force Awakens, making this a must-listen for all Star Wars fans.

Book Information

Audible Audio Edition

Listening Length: 11 hours and 41 minutes

Best Sellers Rank: #11 in Books > Teens > Literature & Fiction > TV, Movie, Video Game

Adaptations #79 in Books > Audible Audiobooks > Children's Books > Science Fiction & Fantasy

#105 in Books > Audible Audiobooks > Children's Books > Fiction

Customer Reviews

In short: this is the best Star Wars book I've read in ages. Marketed as YA (though the characters are adults for most of it), it should appeal to a far broader audience. It was more about what went on Jakku than the other books released on "Force Friday," as well. Longer: When Star Wars was released in 1977, part of its appeal was that you knew who to cheer for and who to boo. After years of movies dominated by ambiguity and flawed heroes, this update of a silent melodrama seemed positively refreshing. But nothing's ever that black and white - there were (assuming for a moment that these characters were "real") human stories behind every TIE fighter that blew up. Not all of the billions of Imperials who didn't manage to jump ship and join the rebels were evil. Some were caught up in something that they misunderstood, that gave them no choice, that lied to them. LOST

STARS begins with two characters drawn to the new Empire and all of its promises as children. The "Romeo and Juliet" comparisons people toss around are overstating things; their familiars aren't wild about their friendship, but it's a very minor issue in the overall book. As one quickly becomes cynical to the Empire and one tries to stay loyal, the two journey through the Star War trilogy (and a year or two beyond) on the fringes in sort of the same way that Forrest Gump journeyed through 20th century American history (or perhaps the way Phineas and Ferb journeyed through the periphery of "New Hope.") But the references to stray lines and events in the original films never feel forced - the characters' stories are brilliantly and organically woven into the saga.
