# World Of Warcraft: War Crimes

## Synopsis

The brutal siege of Orgrimmar is over. Alliance and Horde forces have stripped Garrosh Hellscream, one of the most reviled figures on Azeroth, of his title as warchief. His thirst for conquest devastated cities, nearly tore the Horde apart, and destroyed countless lives throughout the World of Warcraft. Now, on the legendary continent of Pandaria, he will stand trial for his transgressions. Renowned leaders from across the world have gathered to witness this historic event. As the trial unfolds, agents of the bronze dragonflight present shocking visions of Garrosh's atrocities. For many of those in attendance, these glimpses into history force them to relive painful memories and even question their own innocence or guilt. For others, the chilling details stoke the flames of their hatred. Unbeknownst to anyone, shadowy forces are at work on Azeroth, threatening not only the court's ability to mete out justice...but also the lives of everyone at the trial.

Best Sellers Rank: #10 in Books > Audible Audiobooks > Arts & Entertainment > Games #41 in Books > Science Fiction & Fantasy > Gaming #126 in Books > Literature & Fiction > Genre Fiction > TV, Movie, Video Game Adaptations

## Customer Reviews

As a devout lore-crafter I drop my banner and salute this tour-de-force. The novels in between each expansion are pivotal in setting the stage for what is to come and help to exponentially multiply the appreciation for the game we love and enjoy. That being said...I am first impressed by the authors ability to take our favorite universe and turn it into a full-length action thriller taking place (of all

places) in a Pandaren court room. I was a bit skeptical that a trial-based novel would not be enough to keep my attention (although I am pretty easy to please when it comes to writing and plots... case in point: I'm probably one of the only people who dig every warcraft author. Even Knaack lol) But I have not only stood corrected, but have been thrown into the air corrected. lol Stackpole did an awesome job with Voljin and I came into this novel reveling the troll as much as I did Thrall during his golden age as Warchief. But I digress. This book has it all. Without dropping spoilers I'll say that whatever you had a taste for in the previous novels there is a little of everything here. There is so much going on in the book that you can't help but keep turning the page to see what happens next. This is where the author shines. She manages to juggle a bag full of side-stories without taking your thirst for what's happening in the trial away. You literally never go thirsty because she pours all kinds of yummy and delicious story nectar down your throat on each page.
