Femina And Fauna: The Art Of Camila D'Errico Volume 1

Synopsis

One of the brightest rising stars of pop surrealism returns to DarkHorse! Camilla d'Errico is an artistic dynamo - a highly accomplished painter and comic-book artist as well as a clothing, product, and custom-toy designer. Her handiwork captivates admirers around the world, and some of her best-known creations are these, her studies of beautiful women and their animal companions. Playful and flamboyant, exotic and enigmatic, the women who inhabit these striking paintings embody a fascinating array of contradictions . . . and a hint of something sinister lurks behind their eyes. They dwell in a fantastic world - a circus of color and impossibility - where nothing is quite as it seems. Perfect for fans of pop art, fine art, manga, and anime, this deluxe hardcover is the largest and most comprehensive collection of Camilla's work to date!

Customer Reviews

This book is incredibly beautiful, it is a good coffee table book or even better a source of inspiration. The art's pictures are high quality with vibrant colors. I recommend it to anyone who appreciates art and uniqueness.

A nice look at the work of Camilla d'Errico featuring sexy/cute girls with animals. I was surprised that these images are actually of paintings and now I wish I could see them in person. My personal favorites are the section of black and white paintings.

Femina and Fauna is an excellent art book. I've only recently started following Camilla d'Errico and this book really pulled through as far as showing off her body of work. My favorite part of the book is the break-down of her process toward the end of the book (how she created the cover piece), but the whole thing is impressive. Totally worth the price!

This girl knows what she is doing her art work is breath taking!!!!!!! please go check out her web site you will not be disappointed![...]

Got my book yesterday and it was great! It had all my favorite paintings and a few I hadn't seen before. I wish some of the pictures were larger but overall great addition if you love this artist!

im a huge fan of camilla's art!! page after page is just filled with beautiful, stunning pieces that will just leave u speechless..if you love art this is the book for you!!! AMAZING

This is an AMAZING book!! Camillas art is breathtaking. Even with the used ones going for \$50+ I still think it's worth it. It's much cheaper than buying all the prints to look at.

This book is filled with super cute art that is well done. It had many cool images with cute faces and animals. The characters are adorable and have a bit of sly darkness to them.
