# Learn In Your Car: Japanese, Level 2

Synopsis

The Learn in Your Car language series is the first system ever designed to teach a language in your car...or anywhere...without a textbook. Simple and effective, you can learn to converse in another language while driving, walking, or doing tasks around the house. And now with Learn in Your Car from audible.comÃ Â®, you can turn your PC, your Rio, or any mobile device into your own personal language tutor.Each course is organized the way you learn best - by learning words and phrases - and building these into sentences and clear conversations. Arrange hotel accommodations, order in restaurants, change money, and feel more at home next time you travel!The Learn in Your Car language series is:Easy to use without a textbookPrepared by dialect-free professionalsAvailable in levels for students of all abilitiesDesigned to teach grammar basics through recorded examplesLevel 1 offers an introduction to key words, numbers, phrases, sentence structure, and basic grammar.Level 2 teaches more challenging vocabulary, additional grammar, and targeted sentences designed to generate confidence in your ability to comprehend and converse.Level 3 presents expanded vocabulary, advanced grammar, and more detailed sentences to extend your conversational skills.

Audible.com Release Date: April 27, 2001

Language: English

ASIN: B00005KA5K

Best Sellers Rank: #13 inÂ Books > Audible Audiobooks > Language Instruction > Japanese #3173 inÂ Books > Reference > Foreign Language Study & Reference > Instruction

Customer Reviews

Really enjoyed this tape series. Have studied in school for years and have lived in Japan for a year and am always looking for (inexpensive) ways to keep up my Japanese. The format and content was just right. Also learned new vocabulary, as well. Level 3 was even better for me but this was also good.

There is an art to making a language learning course interesting and engaging. The art was lost on this course although it still does a decent job of teaching with lots of repetition.

I'm preparing for my trip back to Japan, and thought these tapes would help me remember what I was fluent in as a child, so I skipped the first edition.I listened to level 2 tapes a few times, and after not recognizing the words they were saying, and then realizing they were using phrases I'd never use, for example "i am not your friend", I figured out I bought the wrong tapes.The phrases are said in English first, and then in Japanese, but the Japanese is so fast that you don't have a chance to mimic the sentence, and if you do, you don't know how to break down the meaning of each part of the sentence. Maybe I should have bought level 1, but I really don't think I need to learn how to say things they were trying to teach.I bought the 1993 version of Henry N. Raymond's cassettes, but I'm not sure the current version is any different!I've since found a great book for beginners called Japanese in 10 Minutes a Day. It is easy to learn, fun, and really does take 10 minutes a day!
