Customer Reviews

The product was in great condition and was very helpful for drum practice so I would recommend this book to any drummer. It teaches careful stick patterns and different combos of sixteenth notes with buzz rolls.

My daughter's band class in middle school has been using this series of books for a few years. She finds them easy to use and learn from.

Great book. Second book in a series for emerging percussionists. Sturdy cover with well paced lessons. Good stuff for percussionists.

Excellent and must a buy for every student! My son has been practicing everyday with ease! Love the enthusiasm shown!

I know absolutely nothing about music but my kid's band teacher thinks it's great and that's good enough for me.

Book was in great condition and works for the band student that needed it.
