HOW TO START A TRUCKING COMPANY

YOUR STEP BY STEP GUIDE TO STARTING A TRUCKING COMPANY

HowExpert Press and Marilyn Coleman

Synopsis

If you want to learn the basics of having a trucking company business, then download *How to Start a Trucking Company* which is written by a person with real life experience starting a trucking company business. *How to Start a Trucking Company* is a guide designed to help anyone who is interested in starting a trucking business. In this guide you will learn how to operate your company the right way. This guide will take you step by step through the whole process, from start to finish. Whether you decide to start with one truck or 150 trucks, you can use the information in this guide to put you on the right path. This guide discusses the first step to take after you have made the decision to open a trucking company. You will learn how to obtain the paperwork needed to apply for your company name as well as Employer Identification Number. You will be given tips on how to advertise your company and advertise for drivers. New rules for the trucking industry are in a section called CSA 2010, giving you the new information from FMCSA and how it will affect the way most companies are operated. Information pertaining to driver qualifications, physicals, and experience will be discussed. In this guide, you will find out how trucking software helps your company with dispatching, inventory control, personnel time sheets, drivers and equipment. This guide will show you how to obtain freight and how to write a proposal to a company to haul their freight. The section on analyzing your competition tells you how to search for the freight you want to haul and see what other companies are also moving freight for that customer. Before you do all that is mentioned above, you must first write a business plan and calculate your start up costs. This will be discussed in detail in the first section of this guide. You will find out what the differences between S Corp, C Corp, and LLC, which will be the best for your type of business. There will be information on how to apply for financing from the SBA and other government agencies and how to obtain private financing. By the time you get to the end of this guide, you should be able to follow each step and have your company ready to open within a month, if not sooner. Good luck!

Best Sellers Rank: #78 in Books > Audible Audiobooks > Nonfiction > Transportation #166 in Books > Engineering & Transportation > Automotive > Trucks & Vans #650 in Books > Business & Money > Small Business & Entrepreneurship > Home Based

Customer Reviews

This book is superficial and poorly written. I expect a "how to" book to set forth detailed practical advice. This book is light on detail, fails to go beyond obvious generalities, and is full of spelling errors, typos and grammatical mistakes. A waste of money.

I bought this book thinking it would help me better understand this business. Much to my surprise, the author seems to know less about it than I do. Also, the typos, the writing, and the grammatical mistakes make this book over-the-top a waste of money.

My Kindle version of this book came with the Table of Contents printed in strike-through text. This is a defect that needs to be fixed. I hope the substance of this book gets better. I just started reading it.

If you have been in the industry for more than One Year and are serious about trucking as an O/O, than likely you already know everything that is written.

This like the Bible of how to start a trucking business. The books to the point on why you bought this book. Answer without the BLa bblaa Blaln this Trust me you nothing to lose," I thought I new something the trucking business")

this book didn't tell me anything I didn't already know. Its very generic and brings nothing new to the table.
