## Customer Reviews

ripoff! Do you see where it say's sheet music? We expected a book on Melissa Etheridge's life. Totally misrepresented as far as I'm concerned. Plus you get to pay postage twice! When you originally bought the item and when you get to return it. The selections for return don't provide for an screw-up. We're really P.O.'ed.

Glad to read the other review... I was right ticked off to have to pay for return of my order as well. misrepresents the product which appears to be an autobiography but is, in fact, sheet music. I would like a shipping refund, personally.(unable to rate zero stars on this one... but that would reflect the product vs the service!)
