Dark Of Night: A Joe Ledger Novella

Synopsis

The dead rose. We fell. The survivors are trapped in a world of monsters who prey on the helpless. Some of them are zombies...but they are not the only predators who feed on pain and suffering. Dark of Night is a story of worlds in collision. Three heroes who have survived the apocalypse are in a deadly race to save a busload of children from ravenous zombies and ruthless human scavengers. This brand new novella brings together three of New York Times best-selling author Jonathan Maberry's award-winning series. Captain Joe Ledger (Patient Zero and Code Zero), Officer Desdemona Fox (Dead of Night and Fall of Night), and Rachael Elle (Bits & Pieces) are caught between an endless wave of the living dead and an army of corrupt men who want to enslave the last human survivors.

Customer Reviews

When I first saw this coming out I was so excited. Because two Joe Ledger books in one year is a rarity. Sure it is a short novella, but I do not care. I devoured it in one sitting. There is so much to take in. 15 years have passed since the last Ledger adventure. Several things struck me. Ledger has a child, somewhere, if you have been following this character's development you will understand why this is so surprising. He still has a dog, but it is not Ghost but his descendant. Ledger seems to be carrying around so many more internal demons than before and an overall melancholy about his continued existence. Des Fox is just who I expected from reading the Dead of Night series. If you are unfamiliar she is basically a female version of Ledger, yet a little deeper. The newcomer to me was Rachael Elle a woman traveling the zombie apocalypse in cosplay or LARP gear, fighting the

creatures she has dubbed "Orcs". This character was fascinating to me. Yet was a master with a sword. I need to find out more of her story. Without giving too much away I will try to summarize. All three of the above characters are living in the full on zombie apocalypse. Eventually meeting up and defending those that need it from the dead as well as the living. Not without their first encounters of each other. There was this one part when Dez and Joe first discover each other where I was brought to tears. I was listening in my cubicle at work and actually let out an audible sob, to the surprise of my coworkers. The tears started flowing until the situation was resolved. If you have listened to this you know the part. This Joe Ledger novella commands your attention throughout. Action filled as you would expect with anything written by Maberry.
