When Nancy discovers that the expensive jewelry her husband's been buying isn't for her, she decamps from the Scottish countryside to her best friend Carmen's posh Chelsea town house to sort things out. Nancy finds herself in a surprising new world, where rock stars are nicer than you thought, social workers are not necessarily to be trusted, and the filthy rich are folks with problems just like you. Everybody falls in love with the wrong people, and the path to true love twists and turns before you discover who you really want.

The One You Really Want by Jill Mansell was a book I completely enjoyed and felt part of! I laughed (a lot!), cared about the characters, felt heart ache, heart break along side them...but I also felt love and the determination these woman have. The One You Really Want starts off following Nancy and Carmen as their lives have taken an unexpected turns and it's time for them to take charge and move on. Most times that's easier said than done, though! Soon they find themselves living in Carmen's luxury condo in London joined by Rennie (Carmen's late husband's brother) and Rose (Nancy's Mum). As they all live together and try to go on with their lives, they have each other to lean on, to boss around, and to feel most of all that they are good people and can hopefully find happiness again. The entertainment value only increased in The One You Really Want as more characters move into the plot, and they all for a friendship. We learn about all of their lives, and Jill's smooth writing the characters blend well into the plot and work well to support the plot and each

other. Going on this journey with them to find The One You Really Want was fantastic! I loved, loved this group of characters. Despite some of them being rich and famous, or struggling more, they are a perfect fit for a group of friends supporting each other, and they have a very obvious strong bond. They are all strong characters, by Rennie, Rose and Mia (see blurb) were my absolute favorites with their interfering ways and not always welcome suggestions. Have a good age range for the characters also worked well. There is a lot going on, potential dates that don't work, and lots of hidden under currents and desires between some of the Characters that developed into a memorable story.
