Bible For Kids: Great Bible Stories For Kids

Synopsis

Bible stories are exciting. Many kids don't understand the big words written in the Bible. Having a book that is Bible based but puts words on their levels would be great. Children can watch the pages of the Bible come to life through illustrations and words they can understand. There's no reason why ever child wouldn't want a book about a man being eaten by a fish or a little boy killing a giant.

Customer Reviews

Okay so last night I read this book with my 6 yrs old son, well mainly he read the book but got bored quickly and then I took over. The book is decent for kids, however there are some text added within the story by the author which surely was fabricated to relate more with kids and honestly I cannot knock that. I wished it remain more true to the actual stories from the bible, but I can see a young kid enjoying it never the less. My son and I enjoyed the spiritual bonding time together and this book surely delivered that aspect of it. On to the images, the images are nice, yet sometimes they do not

even relate to the stories. I found that the images should have been thought out far more before publishing the book. They look as if they were snatched off the web and not illustrated for this specific book. I may be wrong but it looks as if this book was composed way to quickly for its own good. . Also the images lack text below them detailing the images further in order to grasp the child's attention further and thus lack real presentation. Some of the stories lack key parts like the rainbow at the end of the Noah story, but I am certain your child will still like it. As a parent we can always fill them on such said missing parts, since that is part of being parents. I still however believe that for a kid this book is perfect to get their feet wet and help them understand the bible stories better. It is a keeper and I would have given it 5 stars yet could not due to some of the issues mentioned. Personal Disclaimer: I know many shoppers believe all reviews in exchange for free or discount merchandise are fake, but this is NOT the case with my reviews.
