Travel Guide Box Set #6: The Best Of Italy For Tourists + Italian For Beginners

Synopsis

This is the best book combination out there! It includes an Italy travel book and helps you learn Italian at the same time. Get your copy today! Italy: Recent data on international tourism from the United Nations World Tourism Organization and the World Bank reveal that Italy ranks as the fifth most popular tourist destination in the world, with more than 46 million tourists annual generating revenues of approximately € 136 billion, an equivalent of more than \$180 billion. In spite of its small, boot-shaped appearance amid its huge neighbors on the world map, Italy has been known for its greatness throughout the centuries. Aside from conceiving immensely satisfying food like pasta, pizza, and a wide variety of mouth-watering desserts, Italy is known for its contributions in many fields, which have brought about progress and continue to influence human development. Paying homage to many of the great names that enriched civilization is one of the reasons why many tourists consider it their favorite destination with great passion. Here is what is inside.... The Passion for Italy The Sicilian Surprise The Florentine Fulfillment The Milan Mania The Roman Resplendence The Venetian Venture Much, much more!

Customer Reviews

I planned my trip to Sicily and had to pick up a book for my travels. I heard a lot of great foods in Italy and wanted to find a book that won't just give me a guide to where to eat, but give me an education on the culture of the foods so when we come across a restaurant, we'll be prepared on what to eat. This book gave us exactly what we wanted, it left us to our imagination so we can provide our own decisions when we go on the trip. Here's an example, the author details into

what type of foods you'll expect in Italy and gives suggestions if you're on a budget or if you want to splurge, allowing you to make your own decisions-so I'm probably going to opt in for the budget trip...Don't worry, Sicily is only one place they mentioned, they also have other places such as Florence, Rome, Venetian, etc | They also mention about the history and the shopping, this book pretty much has everything you need to get started Cheers!

This is a combo of two books, the first one being an Italian Travel guide and the second one being about learning Italian. If you are planning to visit Italy it is always a good idea to get a glimpse of what you can expect in different cities . This can go a long way in planning your travel so that you do not miss the important and wonderful things in the limited time that you may have. Also you get to know where to eat for the best food experience. The second book gave a good introduction of the basics of Italian so that I could atleast say hello and understand the way of greeting someone. Nice combo if you are planning to go to Italy or get a peep into what Italy is all about.

This is a great book about Italy and was very informative. It not only listed the obvious beautiful architecture, fabulous food but gives so much more, like scientists, actors, sports all the come from Italy. If you are considering traveling to Italy and want to know more about the history, this is a great book. The second part of the book focused more on where the best places are to shop, eat and visit. All in all a great guide to travel in Italy

Planning my first trip abroad has been daunting...Where will I go? Will I get lost? What if no one understands me? Thankfully this book has answered all of my questions! Packed full of great tourist sites and restaurants, this is perfect for anyone who needs that helping hand along the way! With basic language tied in with this wonderful package you really cannot go wrong. Certainly a must read for anyone feeling a little out of their depth.

11/6/2014 - I was super excited about my 1st vacation to Italy! This book was so helpful, without it I would not have had the opportunity to experience Sicily's undeniable tasty restaurants. In the 2nd book in this box set I was able to freshen up on my Italian.
