Fractured: Lucian & Lia, Book 2

Synopsis

Lucian and Lia attempt to deal with the aftermath of the violent attack on her by her stepfather. As events unfold in their lives, Lia finds that she can no longer be patient with the man she loves because his secrets are tearing them apart. Lucian cannot deny the fact that he's fallen in love with the brave and beautiful woman who has lived a life of horror. He wants nothing more than to protect her but soon realizes he may be the person who will hurt her the most. To be together, they'll have to fight demons from their pasts that threaten to destroy them. Contains mature themes.

Customer Reviews

In the second book in the series, Lucian and Lia deal with the aftermath of what happened at the end of the last book. The closer that they get the more Lia sees that Lucian has secrets and if they stand a chance for a future they need to confront their pasts. The book is just as exciting and enticing as the first one was. Lucian knows that he needs to be the man that Lia deserves but he struggles to do that. We dive deeper into Lucian's past as we start to see what happened that night with Cassie. Lia has been to Hell and back and needs Lucian now more than ever, but she sees that they can never have a future if he won't talk about his past. Lia has to learn to try and recover from what happened to her and we see just how strong her will is. Landon captures right from the beginning and doesn't let go until the very end. It's a rollercoaster ride that you never want to get off of. Thankfully the cliffhanger is not as huge as the last one but it does make you excited and anxious for the next book. In this book, we meet Lia's father, Lee, and we start to learn the truth about what happened with him and her mother. It is a bit weird jumping into his mind for a chapter

and while it was interesting to get his insight. I think it would be better to have been better without. Leave us wondering why he came back into Lia's life. If you are not reading this series, you really should be. It's perfect for fans of the Crossfire series by Sylvia Day or anyone loving romance novels

I would have given this book a higher rating, but I'm so frickin sick of cliff hangers I could scream! I liked the characters and felt invested in their story until... yep no closure. Forget it! By the time the next one comes out I will have moved on and won't give s*** anymore.

I read the first one and was addicted. I just finished this one and WOW! I love the characters and the many twists and turns in the story. I feel like I am in the book when I read this. You truly are an awesome author. Congrats on this series. I now will anxiously await the third one. Thanks for these books.

While I did enjoy this, I felt it didn't need to be a separate book and thus making us all wait again. I wasn't planning on reading this but a friend insisted I give it another go and now I wish I didn't. I do love the characters and this was so well written. The heroine was strong in her recovery. I loved how she tried to make things easier for Luc and her determination to plan ahead and move forward was great. Luc couldn't have been a more perfect hero. He is strong, loving (but not in a cheesy way), protective and a strong underlay of "do not mess with me" presence. I liked how things got resolved quickly. No long drawn misunderstandings, no angst!....banter yes, heat....yes....twist...yes (one I'd like to see more of) Fantastic character developments. If you are not patient, I would suggest you wait for the final instalment. After all this book is all about the heroine's recovery and she deals with it and life after...with the care of the hero.

FRACTURED (Lucian & Lia #2) by Sydney Landon 5 Stars I am a huge Sydney Landon fan. I have read and enjoyed all her books. Fractured was no different and I absolutely love this book and the characters. I was so excited to read what happens next between Lucian & Lia. The chemistry between these two characters is off the charts and makes it hard to put down this book once you begin reading it. I had it read in just few hours and fell more in love with this storyline. Fractured picks up right where Pierced left off in the story. I love that Sydney gives the reader the background of Lucian & Lia and does not shy away from all the horrible details that have happened to both characters in their past. Their horrific detailed pasts help us to understand the characters on all

levels and help the reader to understand why their relationship is the way that it is. I love that Lia is a strong female character that has her break down points, but she quickly pulls herself up and does not pity herself. She continues on and focuses on the more positive things in her life. Lucian is a strong male character that can be hard and difficult on the people in his life, but he is not afraid to show his softer side when he needs to especially with Lia. This is an amazing love story that has you hooked from the beginning and wanting more of these two characters and their incredible journey together. I highly recommend that everyone reads both books Pierced and Fractured. This is an incredible story that you will fall in love with and will melt your heart. I will be sitting on the edge of my seat for the next book of this series. *Complimentary copy for an honest review

This is so unfair that the story would end and I have to wait till spring to find the third book!!! By the time I will have forgotten who Lia and Lucian even are!!!! What ever happened to books that took longer to read, but told the whole damn tale in one book?! If I remember, I will look in spring for the third book. If not, it will just be another untold story!!!!!!
