Winnie-the-Pooh: A.A. Milne's Pooh Classics, Volume 1

Synopsis

Curl up with a true children's classic by reading A.A. Milne's Winnie-the-Pooh. Winnie-the-Pooh may be a bear of very little brain, but thanks to his friends Piglet, Eeyore and, of course, Christopher Robin, he's never far from an adventure. In this story Pooh gets into a tight place, nearly catches a Woozle and heads off on an 'expedition' to the North Pole with the other animals. In this stunning edition of Winnie-the-Pooh, A.A. Milne's world-famous story is once again brought to life by E.H. Shepard's illustrations. Heart-warming and funny, Milne's masterpiece reflects the power of a child's imagination like no other story before or since. This charming edition is the ideal gift book for children of 5 to 55. --This text refers to an out of print or unavailable edition of this title.

Book Information

Audible Audio Edition

Listening Length: 2 hours and 46 minutes

Program Type: Audiobook

Version: Unabridged

Audible.com Release Date: October 22, 2004

Language: English

ASIN: B0006IU46Q

Best Sellers Rank: #33 in Books > Audible Audiobooks > Children's Books > Classics #239 in Books > Audible Audiobooks > Children's Books > Fiction

Customer Reviews

Before I bought this book I had read a few comments complaining about the color of the pages... somewhat yellowish in an almost but not quite parchmety sort of way. Oh bother, said I, This is coloring my experience of the book. It's been in the back of my mind through every chapter, "Do I like this? Or do I not?" First let me say I love the brushed watercolors over the illustrations... I'm enthralled by the book jacket and the way the window is lit up by the colored version beneath on the actual cover... and the truth is I would have picked a slightly different page color -- but that's besides the point. It's still a lovely edition and my first grader certainly has no complaints. On top of that, I'd forgotten how wonderful Pooh is. I'm so jaded by the Disney versions that invade every store and home (except mine) that I've spent a lot of time bypassing poor Pooh & Co altogether. We had recently revamped reading aloud here at home because books "written for first graders" were too mindless, books written at the reading level of Pooh today are written for an intellectual level of

thought and humor that is beyond the first grader (A. A. Milne had an incredible gift for including all levels of maturity in these works) so our attempts there got tossed aside as my first grader played with his toes, fingers, hair and anything else he could reach because the books just weren't "keeping him." So I tallied up a new library budget and between and Abe Books did an overhaul... Pooh certainly is one that has hit the spot. The writing is more like how I would speak to my son, but the story is still appealing to the imagination of a first grader, the plot easily managed...
