## Customer Reviews

Renting this was basically worthless for me because there is a kit needed that was not included. Luckily, the instructor of my course was able to get me a replacement and allowed me to have an extension on the work I missed because this rental was incomplete. I am very disappointed.

Book was exactly as described. I was happy with the purchase and will consider purchasing my text books this way in the future. It saved me a lot of money.

Excellent! Brand new and came with everything I needed.
