How To Create Your Own Zombie Apocalypse: Strange Stories, Book 1

Synopsis

When video game enthusiast Karl came close to death, his life was changed forever. Before that, he was stuck in a rut, living at home with his 22-year-old stepmother without any hope of fulfilling his dream. The only question on Karl's mind was how to create his own zombie apocalypse. He'd been playing video games for years, but he wanted to shoot zombies in real life. It was his purpose, and he had to do everything in his power to make it happen. And after witnessing death, he figured out a way to make it happen. The world would never be the same.

Customer Reviews

If you loved what you read in the beginning intro of this book online as a sample, you're going to want to read the rest. I love how the author sheds a whole new light on the Zombie craze in this one short read. If you're looking for a Zombie story and want something different from so many of the others out there, this is your book. (I received an advance copy; this is my honest opinion.)

I received a copy of this book to give an honest review about...I absolutely loved it! Very well written and quite intense! Kept my interest and I read it in one sitting. It is a short story, but still I usually don't read a whole book in one sitting. Will be looking for more of these from the author!

Very well written..entertaining and intriguing!!! An original!!! Well worth the \$1
