## Synopsis

Audie Award Nominee, Multi-Voiced Performance, 2013 John Hodgman - best-selling author, The Daily Show's "Resident Expert", minor television celebrity, and deranged millionaire - brings us the third and final installment in his trilogy of Complete World Knowledge. In 2005, Dutton published *The Areas of My Expertise*, a handy little book of Complete World Knowledge, marked by the distinction that all of the fascinating trivia and amazing true facts were completely made up by its author, John Hodgman. At the time, Hodgman was merely a former literary agent and occasional scribbler of fake trivia. In short: a nobody. But during an interview on The Daily Show with Jon Stewart, an incredible transformation occurred. He became a famous minor television personality. You may ask: During his whirlwind tornado ride through the high ether of minor fame and outrageous fortune, did John Hodgman forget how to write books of fake trivia? The answer is: Yes. Briefly. But soon, he remembered! And so he returned, crashing his Kansas farmhouse down upon the wicked witch of ignorance with *More Information than You Require*, a New York Times best seller containing even more mesmerizing and essential fake trivia, including seven hundred mole-man names (and their occupations). And now, John Hodgman completes his vision with *That Is All*, the last book in a trilogy of Complete World Knowledge. Like its predecessors, *That Is All* compiles incredibly handy made-up facts into brief articles, overlong lists, and beguiling narratives on new and familiar themes. It picks up exactly where *More Information* left off - specifically, at page 596 - and finally completes Complete World Knowledge, just in time for the return of Quetzalcoatl and the end of human history in 2012. 16 Hours. Read by Dick Cavett, Patton Oswalt, Jon Hamm, Paul Rudd, Sarah Vowell, Brooke Shields, Scott Adsit, Robin Goldwasser, Jonathan Coulton, John Roderick, Rachel Maddow, Wyatt Cenac, Stephen Fry, Paul F. Tompkins, and Prominent Ragnarok Denier Dr. Elliott Kalan. Music by Jonathan Coulton, John Roderick, John Flansburgh, John Darnielle, and Cynthia Hopkins.

## Customer Reviews

FACT: There are four "Major Leagues" of sports: football, baseball, basketball, and falconry. FACT: There are seven hundred of the Ancient and Unspeakable Ones who will return to Earth on June 3, 2012. They include The Century Toad, Oolong, the Pancake-Headed Rabbit King of Memes, and Cthulha, the Sensational She-Cthulhu. FACT: Andrew Carnegie was able to create long, wood-paneled "wormhalls," which allowed him to travel great distances instantaneously. Some of these "Carnegie Halls" still exist today. FACT: If you see Jonathan Franzen carrying a plain manila envelope, take it from him. Only then will you be allowed to board Oprah's space-ark, HARPO-1, and flee the doomed Earth. WERE YOU AWARE OF IT? Well, it's too late now. In his first book, *The Areas of My Expertise*, John Hodgman attempted to give us the sum total of all world knowledge. He then went on to write a second book, *More Information Than You Require*, which built on his previous book due to the unstoppable way that things keep happening. It was also a page-a-day calendar, if you didn't mind tearing pages out of your book. Which I did. Mind, that is. With this book, he has finished his trilogy of complete world knowledge, which he can well and truly claim this time because, as we all know, the world will cease to be by the end of the year 2012. [1] Yes, as it turns out the Mayans were right all along. The collapse of their empire was simply a prelude to the collapse of all things that will inevitably occur this year, and Hodgman has been generous enough to provide us with a final book to ease our suffering and to slake our thirst for knowledge right up to the very end.
