Customer Reviews

Very naive!! It's a small story that you cannot understand what is the purpose of it. I did not like it at all

This book was good in that I didn't really know what was going to happen at the end; was totally surprised by that. I would recommend this book for anyone that is into erotic romances and who want to experience a new outlook on erotic.

This item is text only, very short, and should not be listed with photography. If you're looking for a (very) short story, about 6 pages, it's fine, but don't waste your time if you're looking for images or anything photography related.
