Technology Tips For Lawyers And Other Business Professionals

Synopsis

The importance of technology in our professional and personal lives continues to grow at an ever-increasing rate. Courts have moved toward recognizing a duty for attorneys to acquire a level of basic competence in dealing with technology. The ABA Model Rules have recognized that duty in some areas for several years. Attorneys have learned and are learning that technology can help them practice more efficiently and effectively.Authors Jeffrey Allen and Ashley Hallene have done programs presenting tips on technology and practice for many years in locations all over the country. They have also written about technology for lawyers for many years. They bring these years of experience to Technology Tips for Lawyers and Other Business Professionals, which provides short, concise tips to save you time and point you in the right direction for your technological needs.
