Customer Reviews

It is totally unpredictable! If you love Godzilla related things, this be awesome. If you don't, it'll still be AWESOME (totally!) 2 Minecraft Godzillas, Sky, and Ssundee, all of the ingredients for AWESOMENESS.

I think this is a great book for people who are crazy about mine craft! Something I don't understand is that the names are mixed up. Like, Zombiezilla was the one who fell into the cave, but then it said that Enderzilla was the one craning his head out of the rocks.

So I read: The Greatest Adventurer in Minecraft: An Unofficial Minecraft Story for Kids (good book, go read it) thinking, "minecraft stories?!?" and now I'm like "MINECRAFT STORIES!!!" Which lead me to this, and the other Zilla books...A Giant Zombie, a Giant Enderman, a couple of players, and some traitors. Need I say more? I enjoyed this book. Good action, tense moments, and secret

hideouts. All about the tension and rivalry between the Zillas and Sky and Ssundee. Had a wonderful ending where all the players learned to work together. If you're a fan of minecraft, grab this book. You'll enjoy it...As Enderzilla would say, "ROOOOAOAAAAWWW" =)

If you want a good minecraft book with two of the coolest minecrafters read this giant to player duel Don't be surprised by the exciting battle between Enderzilla and Zombiezilla VS SSundee and Sky

Omg, this was amazing!!!! The other two were great also but my favorite one so far is this one right now. I hope i see more of these soon. And this is what I call the best book I've read. Keep it up c;
