The pictures in this book are breathtaking! I bought the book to use for (and then donate to) my son's Montessori Primary school, when my mother-in-law (who is Scottish) and I gave a presentation on Scotland to my son's class. I ended-up buying a copy for myself and a copy for my mother-in-law, too. The younger children (who need some supervision with the book, as the pages are thin for little fingers, and the weight of the book would be too heavy for little toes) love looking at the pictures of castles, the animals native to Scotland, and the amazing shots caught of people engaged in traditional Scottish dances. The older children love working through the beautifully written descriptions of, and facts about, the areas of Scotland being shown in the pictures (though the print is quite small). I (and my family) just love it all. Even if you don't care about Scotland in particular, anyone who loves beautiful pictures and is looking for a great coffee table book for

guests, would find that this book is a great choice.

Lovely pictures, but would have liked more written explanations of what I was viewing. Still a lovely book to look at!

Beautiful book, gives many new ideas for travel in Scotland and brings back fond memories of places I have seen. the only down side is that I had ordered it for a Christmas gift and was sent notice of unavailability, when it did become available, the price had doubled!

Spectacular Scotland is a very beautiful book. I really like the variety of the photographs and I am looking forward to seeing some of those places on my upcoming trip to Scotland and Ireland. The photographs are of excellent quality and capture the beauty and character of the country and its people.

It was perfect in every way except one: on the front of the book jacket, on the lower right side, there was an ugly 2 inch tear. I was going to contact about it, but my orders from them are most always perfect and they work so well with me when an issue arises, so I didn't. But if you've had a different experience and you receive this book with a rip like that on the book jacket, I would contact them, if I were you.

Having lived in Scotland, I found this book a lovely walk down memory lane. The pictures are wonderful and text as well. Well worth the money!

Beautiful and magnificent scenery. I cannot wait to visit Scotland and see the home of my ancestors...Wallace.

Very nice book that covers so many of the places we've visited in Scotland.
